

Non-Florida Resident Declaration Form

I do not qualify as a Florida resident for tuition purposes for the term for which this application is submitted. I understand that if I should qualify for a future term, it will be necessary for me to submit an updated Residency Declaration while providing three (3) prescribed, supporting documentation to substantiate as reclassification of my status.

I understand being classified as a non-Florida resident will not exclude me from the possibility of receiving a waiver to cover part or all the out-of-state fees as defined in s. 1009.21, Florida Statutes.

I understand that submission of an updated Residency Declaration must occur prior to the beginning of the term for which residency is sought.

I do not have to complete any further proof of this form, with the exception of providing my name, PHSC student ID or social security number, signature, and date below.

Residency Guidelines

A resident for tuition purposes is someone who has maintained legal residence in Florida and has established two legal ties to the state for 12 consecutive months immediately preceding the first day of classes for which Florida residency is sought (s. 1009.21, Florida Statute). First time students at PHSC and returning students who have not attended within the last 12 months, will be required to submit two proofs of residency as outlined below.

INDEPENDENT / DEPENDENT STATUS:

The resident status of the dependent student is considered to be that of the parent or legal guardian of the student. A dependent student is any person who is eligible to be claimed by a parent/legal guardian for Internal Revenue purposes. If the student is under 24 years of age, PHSC will assume that the student is a dependent student, and the parent/legal guardian must complete the Residency Classification Form.

If the student is under the age of 24, but meets **one** of the criteria listed below, they can provide the required documentation **and** provide their own residency documentation as the "Claimant."

- Marriage license issued by the Clerk of Court, not the wedding certificate.
- Current military orders or DD-214.
- Current 1040 tax return which shows an income of at least \$6,600.00 and is signed and dated physically (*electronic signatures will not be accepted*).
- Current 1040 tax return which shows the student provides at least 50% of support to a dependent child and is signed and dated physically (*electronic signatures will not be accepted*).

LEGAL GUARDIAN:

Legal Guardians are **required** provide Court Order documentation to prove legal guardianship status. The legal guardian would be required to fill out the residency classification form as the "Claimant" and provide their residency documentation.

SPOUSE:

If the student is married and cannot provide documentation in their own name to prove residency, the student can use their spouse's documentation for residency purposes. The student's spouse would be required to fill out the residency classification form as the "Claimant" and provide their residency documentation.

NON-FLORIDA RESIDENT / RECLASSIFICATION:

If the student or "Claimant" cannot provide valid documentation for Florida residency, the student will be classified as a non-Florida resident and will be assessed out-of-state tuition until they can provide documentation that would qualify for in-state tuition. The student will be required to complete a Non-Florida Resident Declaration Form that includes a handwritten signature, but no other supporting documentation is required.

A student who attended PHSC within the last twelve (12) months and is classified as a non-Florida resident (currently paying out-of-state tuition) and wishes to be reclassified as a resident for tuition purposes, must provide a minimum of three (3) documents proving residency and provide a completed Residency Classification Form prior to the first day of classes of the term for which Florida residency is sought (s. 1009.21, Florida Statute).

NON-US CITIZENS:

In order to qualify as a resident for tuition purposes, you must be a lawful permanent resident alien, legal alien granted indefinite stay by Homeland Security, or must possess an approved Visa Category. **Documentation of permanent resident status or employment authorization is required.**
