

**Florida Residency Declaration for Tuition Purposes: Form FRD 1**

A Florida "resident for tuition purposes" is a person who has, or a dependent person whose parent or legal guardian has, established, and maintained legal residency in Florida for at least twelve (12) consecutive months preceding the first day of classes of the term for which Florida residency is sought.

- Residence in Florida must be a bona fide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education.
- To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen, a permanent resident alien, a foreign national in a nonimmigrant visa classification that grants you the legal ability to establish a bona fide domicile in the United States, a parolee, asylee, Cuban-Haitian entrant, legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services, or other qualified alien as defined under federal law. Other persons not meeting the twelve-month legal residence requirements may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature pursuant to section 1009.21, Florida Statutes. All other persons are ineligible for classification as a Florida "resident for tuition purposes."
- Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend upon out of state parents for support are presumed to be legal residents of the same state as their parents.
- Residency for tuition purposes requires the establishment of legal ties to the state of Florida. A student must verify that the student has broken ties to other states if the student or, in the case of a dependent students, his or her parent has moved from another state.

## NOTIFICATION OF SOCIAL SECURITY NUMBER COLLECTION AND USAGE

In compliance with Florida Statute 119.071(5), this document serves to notify you the purpose for the collection and usage of your Social Security number by Pasco-Hernando State College. PHSC collects and uses your Social Security number only if specifically authorized by law to do so or if it is imperative for the performance of its duties and responsibilities as prescribed by law.

### Student Records Department

Federal legislation relating to the Hope Tax Credit makes it mandatory that all postsecondary institutions report student Social Security numbers to the Internal Revenue Service (IRS). This IRS requirement makes it mandatory for colleges to collect the Social Security number of every student. A student may refuse to disclose his or her Social Security number to PHSC, but the IRS is then authorized to fine the student in the amount of \$50.

In addition to the federal reporting requirements, the public school system in Florida uses Social Security numbers as a student identifier (Florida Statutes 1008.386). In a seamless K-20 system, it is non-mandatory; however, it is beneficial for postsecondary institutions to have access to the same information for purposes of tracking and assisting students in the smooth transition from one education level to the next. All Social Security numbers are protected by federal regulations Family Educational Rights and Privacy (FERPA).

### Financial Aid Department

It is mandatory that the Office of Financial Aid at PHSC requires students to submit their Social Security numbers on various forms in order to correctly identify applicants, to match each applicant's Financial Aid record with the student record, and to help coordinate state aid programs with institutional and Federal Aid programs as authorized by Sections 483 and 484 of the Higher Education Act of 1965, as amended.

### Outreach Programs

Programs such as the Educational Opportunity Program and College Reach-Out Program are youth outreach projects funded by discretionary grants from the United States or Florida Departments of Education. As such, each project is required to exclusively serve eligible participants who are citizens or nationals of the United States; or who are permanent residents of the United States. To verify a participant's project eligibility, it is mandatory that Social Security numbers are collected and later used when submitting information for the Annual Performance Reports due to the United States or Florida Department of Education.

### Workforce Programs

It is mandatory that these programs use Social Security numbers as an identifier for program enrollment and completion. Also, Social Security numbers are used for entering placement information into either the OSMIS or the Employ Florida Marketplace statewide data collection and reporting system. Because these are performance-based contract programs, it is required that all participants and their program-related activities be recorded in the Florida state system.

### Continuing Education, Corporate & Community Training Institute (CCTI)

Because of Florida State Board of Education reporting requirements and Department of Business and Professional Regulations reporting requirements, it is mandatory for students who enroll in continuing education and/or CCTI courses and/or customized training seminars to submit the Social Security number.

### State and Federal Reporting

It is mandatory that the College collects Social Security numbers to periodically report student/employee-level data to federal and state agencies for research and data collection.

### Testing

It is mandatory that the College collects Social Security numbers for the purpose of reporting state and national standardized testing results, including by not limited to: TABE, GED®, and CLEP.

### Miscellaneous

It is mandatory to collect Social Security numbers for agency third-party billings, payment collections, state and federal data collection, tracking, benefit processing, tax reporting, identification, and verification.

To protect your identity, PHSC will secure your Social Security number from unauthorized access and assign you a unique student identification number. This unique identification number will then be used for all associated employment and educational purposes at PHSC.

Copies of the full PHSC Notification of Social Security Number Collection and Usage document can be obtained from Student Financial Services.
